Note: Versions 3.1, 4 and 5 are certified with Agrement SA (V. 6 not certified yet)

Note: DesignBuilder does **not** currently include South African CO₂ or cost databases.

**Annual - An annual licence has to be renewed every year. Users are eligible for all upgrades on the modules that they have purchased, for free.

***Perpetual - One-off licence - A perpetual licence is paid for only once. There is no additional or annual cost involved after the initial purchase. The user of a perpetual licence can download all upgrades within the same major release, for free. For instance, should you buy DesignBuilder V6.0, all subsequent V6.x upgrades of the modules you initially bought are available at no additional cost.

| Software support | 1 hour remote support | A typical support incident might use 20 minutes, in which case 1 hour would cover 3 incidents. | R 500 | | | | |

- Annual licences include remote technical support by Greenplan during office hours, for matters inherent to the software, free of charge within reasonable limits.
 Perpetual licences include remote technical support by Greenplan during office hours, for matters inherent to the software, free of charge for the first year after purchase, within reasonable limits.
 Exclusions: Design Builder Version 3.x, perpetual licence after its first year, any project-related modelling assistance, software installation support beyond the first eight hours per licence, all other support beyond the first two hours of an incident and/or the first two hours per week per customer.
